PROFESSIONAL SUMMARY

Python Developer with hands-on experience in building small-scale applications and data-driven projects using Python, Pandas, NumPy, and Matplotlib. Familiar with creating interactive web apps using Streamlit and developing responsive web pages using HTML and CSS. Seeking an entry-level role to apply programming and problem-solving skills in real-world applications.

TECHNICAL SKILLS

Languages: Python, HTML5, CSS3

Frameworks and Lib.: Flask, Numpy, Pandas, Matplotlib, Streamlit

Tools and Platforms: Git, Github, VS-Code, Jupyter Notebook, Debugging, Code optimization, Clean code, Data Handling and visualization

EXPERIENCE

Python Intern-Novem Controls Pvt. Ltd. , Mohali (Jan 2026 – Present)

- Developed Python-based scripts and small applications for data handling and automation tasks
- Worked with Pandas and NumPy for data processing and basic analysis
- Built simple data visualizations using Matplotlib to present insights
- Explored fundamentals of AI/ML and applied them in small practical tasks
- Gained hands-on experience with real-world problem solving and code structuring

PROJECTS

Data Cleaning & File Processing Web App (Streamlit)

Developed an interactive Streamlit-based web application that allows users to upload and process CSV/JSON files in real time. Implemented data cleaning pipelines using Pandas to handle missing values, duplicates, and inconsistencies, along with automated preprocessing tasks like normalization and formatting. The application enables quick dataset preview and transformation, significantly reducing manual data cleaning effort.

Voxify – AI Document to Speech App

Built an AI-powered application that converts documents and PDFs into speech using a pre-trained Hugging Face model. Integrated text processing with speech generation to allow users to upload files and receive audio output, improving accessibility and usability. The project demonstrates practical use of AI models in real-world applications

EDUCATION

Bachelor of Technology (B.Tech)

T.R. Abhilashi Memorial Institute of Engineering & Technology
2022 – 2026 | CGPA: 7.8

Senior Secondary (Class XII) – 70%

Secondary (Class X) – 86%

Languages: English, Hindi

Certifications: Python Fundamentals (Novem Controls), Python with AI/ML (Novem Controls)
